

"Such great prices for such unbeatable quality".
- Evening Standard

all this for £3900!
(excludes fitting and appliances)
www.kitchens123.co.uk

"The choice is huge and ranges from traditional, solid wood and shaker-style kitchens to the sleekest high-gloss kitchens around, available in almost any colour. From solid-wood fascias and modern vinyl finishes to painted kitchens, there is something for everyone. To make life even simpler, its expert designers provide a free design and quotation service, allowing you to have as much input in creating your dream kitchen as you desire. It's supply only but they can arrange fitting and delivers nationwide and throughout western Europe." - The Telegraph

As a special offer to "Exclusive" readers, you'll receive a FREE Neff Dishwasher when ordering a bespoke or handmade kitchen. Mention this when calling or visiting Cloisters.

Showroom Open 7 Days A Week

CLOISTERS DESIGN CELEBRATES 60 YEARS IN THE BUSINESS

Now in its third generation, Cloisters Design is a family-run business which has evolved from E. J. Nunn which was established in 1949.

Originally a building and decorating company, E. J. Nunn progressed into making purpose-made furniture, concentrating on top quality fitted kitchens and bedrooms.

Today, Cloisters Design Group is an all-encompassing business which undertakes all aspects of interior design and refurbishment. In recent times they have embraced the internet wholeheartedly with Kitchens123.co.uk and Kitchenappliances123.co.uk. The next project is kitchendoors123.co.uk offering replacement made to measure doors for the DIY market. This is following on from the great success of the appliance business.

Based in Hemel Hempstead, Cloisters has recently moved into its brand new showroom showcasing a comprehensive range of products from a multitude of suppliers, as well as their own furniture. They can offer a truly independent service without limiting their design potential, with a massive choice, catering for all budgets from £4,000 to £40,000. Go and have look and be inspired!

Although they are based in Hertfordshire they have been supplying kitchens all over the UK and Western Europe. It's great to hear that a local business is exporting and taking advantage of the weak pound!

Cloisters has time-served fitters who are able to incorporate all their clients' dreams, desires and wishes into their designs. Careful consideration is given to many criteria, which can include child safety, ergonomic use of space, and advice on sympathetic design to suit the style and architectural details of the property. The company takes great pride in always being able to come up with the right solution for any design brief.

Cloisters can undertake all aspects of the building and installation work, including plumbing, electrics, tiling, decorating, flooring and carpentry. Tried and tested sub-contractors are involved for some specialist work like granite and marble fitting, murals, paint effects and house extensions.

Cloisters understand the upheaval of a kitchen or bathroom replacement and do their best to minimise disruption and complete the work with the utmost respect for their clients' homes. They are members of the CPA (Consumer Protection Association). As members they offer a 5 year insurance backed CPA guarantee and deposit protection.
